Highlights

Familiar with Mathematical Softwares
Familiar with Optimization Methods
Proven Track Record of Teamwork Experiences

Expert in Problem Modeling
Strong Time Management Skills
Expert in Computation Subjects

Education

Ph.D. Applied Mathematics, Simon Fraser University, BC, Canada 2023 – current
Infectious Disease Modelling and Estimation
Advisor: Ailene MacPherson, John M. Stockie

MSc. Applied Mathematics, Simon Fraser University, BC, Canada 2021 – 2022
Thesis: Computational Study of 2D Jellyfish with the Immersed Boundary Method
Advisor: John M. Stockie

BSc. Computer Science, Amirkabir University of Technology, Tehran, Iran 2015 – 2019
Project: Cardinality Optimization (Cardinality Constrained Problems)
Advisor: S. A. Mirhassani

Teaching

Stochastic Modelling and Simulation, MATH 348. Spring 2025
Graduate Teaching Assistant. SFU.

Numerical Analysis, MACM 316. Summer 2024, Fall 2023, Fall 2021
Graduate Teaching Assistant. SFU.

Introduction to Biomathematics, MATH 360. Fall 2023
Graduate Teaching Assistant. SFU.

Mathematics in Sports, MAT 303. Fall 2022, Fall 2024
Graduate Teaching Assistant. SFU.

Applied Calculus Workshop, ACW. 2021, 2022, 2023
Graduate Teaching Assistant. SFU.

Applied Linear Algebra, MATH 232. Summer 2022
Graduate Teaching Assistant. SFU.

Complex Variables, MATH 322. Fall 2024
Grader. SFU.

Talks & Posters

Conferences Talks:

Evolution of Seed Masting (Or Not?). CAIMS June 2024
Kingston, ON, Canada

Evolution of Seed Masting (Or Not?). CSEE May 2024
Vancouver, BC, Canada

Computational Study of 2D Jellyfish with the IBM. CAIMS June 2023
Fredericton, NB, Canada

Posters:

A Sequential Approach to Bark Beetle Outbreaks. Eco-Evo October 2023
Squamish, BC, Canada

A Sequential Approach to Bark Beetle Outbreaks. SIAM PNW October 2023

Bellingham, WA, US

Honors & Ranking

First Poster Presentation Award SIAM PNW, Bellingham, WA, US	2023
MSc Thesis with Distinction Mathematics Department, SFU, BC, Canada	2022
Top 5 Percent Rank in GPA in BSc. AmirKabir University of Technology, Tehran, Iran	2019
Top 5 Percent Rank Iranian National Universities Entrance Exam (Mathematics and Physics branch)	2014
Top 5 Percent Rank Iranian National Universities Entrance Exam (Foreign Languages)	2014

Funding & Awards

Research Accelerator, Maud Menten Institute, Summer 2025	5,000 CAD
Travel & Minor Research Award, SFU, Summer 2025	1,200 CAD
Travel & Minor Research Award, SFU, Summer 2024	1,200 CAD
Graduate Fellowship, SFU, Summer 2024	7,000 CAD
Travel & Minor Research Award, SFU, Fall 2023	900 CAD
First Place Poster Award, SIAM PNW, Fall 2023	100 USD
Travel & Minor Research Award, SFU, Spring 2023	900 CAD
Travel Fund, CAIMS, Spring 2023	1,200 CAD
Graduate Fellowship, SFU, Summer 2022	7,000 CAD
Travel & Minor Research Award, SFU, Spring 2022	800 CAD
Travel & Minor Research Award, SFU, Summer 2021	800 CAD

Research Interests

Epidemiological Disease Modelling, Computational Fluid Dynamics, Numerical Analysis, Optimization

Technical Strengths

Programing Languages	Python, MATLAB, Mathematica, C, Java
Software & Tools	L ^A T _E X, Word, Excel, Powerpoint

Languages

Persian, English, Turkish, Azeri

Professional Activities

Peer Reviews	Journal of Forestry Research
University Services	President, Mathematics Graduate Caucus, SFU, Summer 2024 - Summer 2025
	Vice-President, Mathematics Graduate Caucus, SFU, Spring 2024
	Member of the Central Council, Student Cultural Association, AUT, 2017
	Member of the Central Council, Student Environmental Association, AUT, 2017
Working Groups	PIMS-Maud Menton Institute, 2024
Social Services	First Aid Volunteer, Iranian Red Crescent Society, 2017
